

continues our efforts at preservation and education by providing \$26 million to the Smithsonian and \$3.5 million to our National Gallery.

In addition Mr. Chairman this bill address America's commitment to the Native American population. American Indian program increases include an additional \$28.7 million for the Office of Special Trustee to begin to fix the long-standing problems with the management of Indian trust funds. It also provides an additional \$13 million for operation of Indian schools and Tribal Community Colleges.

Mr. Chairman, I would like to address my colleagues concerning the Department of Energy's Oil/Gas R&D Program. This program oversees some 600 active research and development projects. Many of these projects are high risk and long range in scope and many are beyond the capabilities of the private sector. Without the government's commitment to sharing the risk it would be impossible for private companies to invest.

This program is the catalyst for the government's partnership with private industry. An investment in Fossil Energy R&D is truly an investment in America's future. This program has become the convenient whipping post when it is clear that this program is necessary to protect America's energy security.

I am also disappointed with the funding of the arts and humanities. I do appreciate the fact that the Committee tagged \$98,000,000 for the National Endowment for the arts. Obviously, this amount of funding is a vast improvement over the \$0 recommended prior to Committee recommendation. However, I still find the recommendation insufficient. The Administration requested \$136,000,000, a full \$38,000,000 more than the Appropriations recommendation. This number is unsatisfactory given the important of the arts. The NEA remains the single largest source of funding for the nonprofit arts in the United States, and this agency provides quality programs for families and children. Insufficient funding to the NEA results in collateral damage to praiseworthy arts, as well as to theaters such as the Alley Theater in Houston, Texas.

The Committee also underfunds the National Endowment for Humanities at \$96,800,000. At \$25,200,000 below the Administration's request, the agency cannot continue to support education, research, document and artifact preservation, and public service to the humanities.

I encourage my colleague to support H.R. 2466 a balanced appropriations bill for America's treasure.

Mr. Speaker, I yield back the balance of my time.
